Every cent saved in shortened value, is lost in shortened trade. To keep up sales we keep up the quality.

We aim first to sell satisfaction, and the goods that give it re-sell themselves.

SMITH'S CASH STORE.

TO MR. AND MRS. HOUSEHOLDER:

Send us $10 for one fully Co-operative Share in this rapidly developing business, established in 1879. You will share in the cooperation at its best.

Everybody may, and surely will, come in with us on this basis. We have formerly not sold less than five shares to one person—$50.00. Now $10.00 does the work.

Today we will sell five shares to five different persons and gain lots of good custom by doing so. It's a good business principle, but it takes good guage liberal methods today to win.

You can take as many shares as you like—for investment—not over 100, but you are a co-operator in the fullest sense of the word, whether you invest $10.00 or $1000.00. We want your added good will and expect you to find one or more investors besides.

A mail-order house owned by its customers must succeed immensely. Each person who subscribes $10.00 get a fully paid up certificate, entitling him to our "owner's co-operative discount" on all his purchases five per cent. It is paid at the time of purchase of each bill of goods, large or small. You may deduct it in remitting from your order when bill is $20.00, take off five per cent ($1.00) and send $19.00.

Send me in for $10.00 as a part owner in the store is good all this month. Write us to reserve you a share, if you can't take it this month.

Dividends will be paid on shares, but the five per cent co-operative discount is the greatest dividend to $10.00 owners. It isn't much to risk, and there is no risk. This store is fortunate in having a few hundred shareholders already. We refer to all of them. They buy from us 15 per cent of our output. No better business exists than the mail order trade, and our shareholders are fortunate to belong to it.

We employ a great many men, each has his own work to do. The bookkeepers record every transaction, and each one has access to the returns who owns a share. The profits are divided share and share alike, equally and honestly. We do a legitimate business only. Everything is carried on with system, dispatch and economy.

We pledge ourselves to sell as low as ever, subject only to market values and fluctuations. No one matches our regular cash wholesale rates to families. We give you the same values, weights, and select quality, and five per cent besides, though you are only sending us $10.00 as an evidence of your belief in us and our co-operative plan. Our business is enormous today. It will double and treble whne our co-operative link binds a few more thousands into our buying family. Can you not see the outgrowth of it? Add the power of increased numbers—sure to reap benefits as we grow greater. Today we own the best business in San Francisco and the buildings in which it is carried on. You can fully share by sending $10.00. Fill cupon below. We take consignments of non-perishable produce on sale now. You can pay in produce as well as in cash. We expect your return oidre for one share or more.

COUNTY OFFICIAL PAPER.

Saturday, December 29, 1906.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

NOTICE TO ARCHITECTS

Inviting Competitive Plans, Designs and Specifications for proposed New Court House Building at Redwood City.

Office of the Clerk of the Board of Supervisors of the County of San Mateo, State of California, Redwood City, California, December 3, 1906.

The Board of Supervisors of San Mateo County invites certificated architects to submit original designs, plans and specifications, and estimates of cost in competition for a new Courthouse to be located at Redwood City. The lot is 200 feet by 300 feet, forming a full block, and known as the Courthouse Block. The new building will face south on the 200-foot frontage.

There is now in place the foundations, basement walls, and dome, the same having been constructed for the new Courthouse building recently demolished.

The Board leaves to the competing architects as much freedom in design and construction as is possible, making only the following suggestions, subject however, to the use of present foundations, basement walls and dome now in place, so far as the same may be made practicable, in the construction of the proposed new building; the floor beams to be placed in a position not exceeding a six-foot span; there also being now on hand, rescued from the wreck of the former building, a large amount of materials, consisting of stone veneer, wood work, brick, etc.; it being the desire to use as much of said materials as can be made serviceable in the new building; and special attention is hereby called to these matters.

The further suggestion is made that the rear portion of said building shall be made square instead of circular, as formerly, and that portion thereof extended for a distance of 14 feet further back; the building also to be supplied with conduits for gas, electricity, and telephone service (it being the intention to use an intercommunicating telephone system), and to be heated by a hot water system.

The building is to be of steel frame construction two stories high, with basement, and constructed of brick with stone veneer, and built throughout with fire-proof materials, the basement to be the same as the present; the first story to be not less than 14 feet high; the second story to be not less than 15 feet high; foundation walls to be—— inches thick; first story walls to be 21 inches thick and second story walls 17 inches thick. The building to be used for general county purposes; to contain the usual offices for conducting county official business, including a Board of Supervisors room and a Superior Court room. The cost of the building complete, excepting movable furniture, and not including the foundations, basement walls and dome, to be based on a total valuation of $125,000.00.

All designs, plans and specifications submitted to be drawn to a scale of one-eighth inch to one foot, and to be made and submitted on tracing cloth 25 by 30 inches in size; also six sets of blue prints of the same, together with type-written estimates of cost, permanently bound at the top and delivered flat. The drawings, plans and specifications must include a basement plan, first and second floor plan, a front and side elevation and cross-sections through the center of the building at right angles to the front and longitudinally; also one perspective elevation of the south and west frontages, together with six unmounted photographs or reproductions of the same to accompany and be bound with each set of blue prints. All designs, plans and specifications will be received and must be presented, and the designs, plans and specifications that may be accepted will be adopted, subject to the following conditions: That the designs, plans and specifications so accepted by said Board, together with the working drawings and specifications which will be made in connection therewith, shall be subject to competitive bids by contractors, and they, said designs, plans and specifications, must be so drawn that the accepted bid upon said designs, plans and specifications will be within the estimate of the architect drawing the same, and not to exceed the sum of $125,000. In the event that the contract shall be let within the estimated sum of the architect whose plans have been so accepted, then and in that event, the successful architect so furnishing the said accepted designs plans and specifications will be awarded the contract for the furnishing of said designs, plans and specifications and the superintendency of said building to its final completion and acceptance, at a compensation of five per cent upon the contract price, and in addition thereto, a premium in the sum of $1.00. It being distinctly understood that the architect drawing said designs, plans and specifications and presenting them to said Board, and said Board receiving and adopting the same shall not receive any compensation for so drawing said designs, plans and specifications and presenting them to said Board, unless the contract price is within his estimate, and said estimate not to exceed the sum of $125,000.00. The architect whose drawings, plans and specifications shall receive the second recommendation, shall be paid $400; the architect whose drawings, plans and specifications shall receive the third recommendation shall be paid $100. Said sums respectively shall be in full for all services rendered in the preparation of said designs, plans and specifications, and all other architects whose designs, plans and specifications that shall not be accepted and that shall not come within the first, second or third award, shall not be entitled to, and shall not receive any compensation for the services they may have rendered, or for the work performed in the preparation of said designs, plans and specifications.

All drawings, plans and specifications must be delivered to the Clerk of said Board of Supervisors on or before 10 o'clock a. m. of Monday, the 21st day of January, 1907. The Board reserves the right to reject any and all plans and designs that may be presented under this notice.

By order of said Board of Supervisors of the County of San Mateo, State of California.

Dated December 3, 1906.

H. W. SCHABERG,
Clerk of Said Board.

WELLESLEY PARK

The cream of the Peninsula

What a nice Christmas present the first payment on a Lot in Wellesley Park would make for husband, wife or friend.

SIX GOOD REASONS WHY YOU SHOULD BUY IN WELLESLEY PARK

1. No adobe, no filling in required.
2. Large lots, 50x135, 35 feet deeper than the average lot in Redwood City
3. Prices right, $500 INCLUDING all improvements.
4. IMPROVEMENTS GOOD, water, sewer, side-sewer, macadamized streets, 5 ft. cement side walks and cement curbing
5. Liquor and Building restrictions, thus insuring a good class of residents.
6. Prices advance 10 per cent first of January, therefore get in now.

Owing to this ad appearing a week later than intended, prices will not be advanced until January 7, 1907.

A buyer of 2 lots in Burlingame at $600 each, eighteen months ago, refused $4,000 cash for them last month. That was the time to buy, not now. The time to buy in WELLESLEY is NOW, not 18 months hence. Think it over. ELECTRIC CARS will STOP right in front of WELLESLEY PARK. Will make you easy terms, call and let us explain to you. It will Cost you nothing to Enquire.

A Hot One, for this week only. A neat little cottage of 5 rooms, good as new, situated on Phelps street. Price $1600, $500 cash, balance like rent. See us.

DEATH OF J. T. DOYLE

WAS PROMINENT IN AFFAIRS OF THE STATE

John T. Doyle, the well-known lawyer, capitalist and horticulturist, passed away at his home at Menlo Park early last Sunday morning, after an illness of two weeks caused by pneumonia, though he had been failing for several months. He saw the end approaching and awaited the final summons with Christian resignation.

Mr. Doyle was a self-made man. By his own energies and strenuous labors he made a name for himself and at one time was the leader of the bar of this state, holding a similar position to the one now held by Garret McEnerney.

Mr. Doyle first saw the light of day in New York City in 1819, being at the time of his death 87 years of age.

He graduated from Georgetown College in 1838 and at once began the study of law and was admitted to practice in the supreme court of New York in 1845.

In 1851 he went to the Republic Nicaragua and there met Commodore Vanderbilt who was interested in building the canal across the country connecting the two oceans. Mr. Doyle rendered some valuable services to the Commodore on that occasion.

Mr. Doyle arrived in San Francisco in 1853 and practiced his profession there with success until 1857. During 1857, prior to his departure east, he recovered for the Catholic Church of California from the Mexican government, mission lands, buildings and cemeteries amounting to $908,000 in gold. Archbishop Alimany received the money for the diocese. He also began to investigate the claims of the Catholic Church in California upon what is known as the "pious fund," and made his first recovery against the Mexican government in 1876, and made a second recovery in 1902 by the award of The Hague tribunal. He was represented at The Hague by his son, W. T. S. Doyle, who became famous as an international lawyer. The amount recovered at this tribunal was $1,200,000.

The "pious fund" litigation was Mr. Doyle's life work. He has written many volumes on the case.

While in New York Mr. Doyle filled with distinguished ability the office of assistant district attorney of New York City.

He returned to San Francisco in 1863 and formed a partnership with Janes and Barber, the firm being known as Doyle, Janes & Barber. They had a large clientage and figured in some of the largest land cases of those days.

Mr. Doyle was a brilliant orator and a noted stump speaker. In the campaign of 1868, when his brother-in-law, Eugene Casserley, sought the United States senatorship, Mr. Doyle stumped the state, making brilliant speeches which elected Mr. Casserley, for at the next meeting of the legislature he was chosen senator and served a full term at Washington. Mr. Doyle was a supporter of Democracy until the free silver agitation, when he became a Republican.

He served as railroad commissioner by appointment from Governor Irwin from 1877 to 1878.

Doyle was appointed a regent of the State University when it was founded in 1868. He became a fruit grower and served three terms as viticultural commissioner for the state at large. For thirty years he was a trustee of the San Francisco law library, and for several years was its president. The degree of LL. D. was conferred on him by Georgetown University in 1888. He was a strong opponent of refunding the debt of the Central Pacific Company.

Mr. Doyle retired from active practice in 1888. He took a deep interest in his beautiful home at Menlo Park. It is one of the finest in the county.

Doyle was the leading attorney for Redwood City in the litigation concerning the location of the county seat of San Mateo county here. He distinguished himself in this case and all the old pioneers remember how ably and earnestly he worked to win the case.

In 1874 Mr. Doyle, L. P. Cooley, W. J. Adams, C. N. Felton and E. P. Rowe were commissioners to act as trustees for Menlo Park. At the first meeting of the trustees, held on April 24, 1874, Mr. Doyle was elected president.

Mr. Doyle was a man of high character and a scholar of the highest attainments, a devoted husband and father and a gentleman who had the admiration of everyone.

Besides his wife, he leaves to mourn him four sons, John J., Edward, Daniel and W. T. S. Doyle, and two daughters, Miss Fannie and Miss Marie. A younger daughter died some years ago.

W. T. S. Doyle is now in Venezuela on an important mission for the United States government.

All that was mortal of this distinguished man, whose career might well be emulated by young men, was laid away in the Doyle plat in Holy Cross Cemetery, Menlo Park, Monday afternoon last.
